**Advertisement for the Post of Project Research Scientist-I (Non-Medical) in
Sponsored Project**

Applications are invited for the position of **Project Research Scientist-I (Non-Medical)** in a Sponsored Research Project at the Indian Institute of Information Technology Kottayam.

Name and Number of Post	Project Research Scientist-I (Non-Medical) – Two (02)
Consolidated Monthly Fellowship	₹ 61,600 /- per month including HRA (24 months)
Research Area of the Project	Title: Smartphone Imaging-Based Artificial Intelligence Model for Early Detection and Screening of Ocular Surface and Eyelid Tumours: A Multicentric Study The project focuses on the development of an end-to-end artificial intelligence system using smartphone-based imaging for early detection and screening of ocular surface and eyelid tumours. The work involves medical image analysis, deep learning model development, and translation into a deployable application for real-world clinical use across multiple centres.
Sponsoring Agency	Indian Council of Medical Research (ICMR), Government of India
Partner Organization	All India Institute of Medical Sciences (AIIMS), New Delhi and collaborating multicentric institutions
Duration of the Positions	Two (02) Years, purely on a contractual basis and co-terminus with the project, subject to satisfactory performance and annual review.

Minimum Qualification & Experience Requirements	• Master's degree (M.Tech./MSc/MCA) in Computer Science and Engineering/ Information Technology/ Mathematics/ Statistics/ Computer Science/ Computer Applications/ Electronics and Communication Engineering/ Electrical and Electronics Engineering or equivalent area with a minimum Cumulative Grade Point Average (CGPA) of either 6.5 on a 10-point scale or 60% of marks. • Strong background in Artificial Intelligence / Machine Learning / Deep Learning. • Experience in computer vision or medical image analysis is desirable. • Experience in application development or deployment of AI models is desirable.
Domain of Expertise	Two positions are available, each with a distinct technical focus as described below. Candidates must clearly indicate the position they are applying for (RA-1 or RA-2) in their application. <u>RA-1: Deep Learning and Computer Vision</u> • PyTorch, segmentation, classification, ideally medical imaging exposure such as fundus imaging, dermoscopy, or related domains. • This role will primarily focus on model development, training, validation, and performance optimisation. <u>RA-2: Mobile and Edge AI Engineering</u> • Android or iOS development, TensorFlow Lite / ONNX / Core ML, on-device inference. • This role will focus on smartphone deployment, real-time inference, and application integration for clinical use.
Principal Investigator (IIIT Kottayam)	Any queries concerning the position may be addressed to the Principal Investigator at the contact information provided hereunder. Dr. Ebin Deni Raj Assistant Professor FACTS-H Lab, IIIT Kottayam E-mail: ebindeniraj@iiitkottayam.ac.in
Co-Investigators (IIIT Kottayam)	Dr. Sara Renjit Assistant Professor FACTS-H Lab, IIIT Kottayam E-mail: sararenjit@iiitkottayam.ac.in Dr. Ansith S Assistant Professor FACTS-H Lab, IIIT Kottayam E-mail: ansiths@iiitkottayam.ac.in

General Information	Eligible candidates are invited to apply by submitting a single consolidated PDF document containing a cover letter, curriculum vitae highlighting relevant expertise, copies of academic certificates, and supporting documents to ebindeniraj@iiitkottayam.ac.in with the subject line: “Application for the post of Project Research Scientist-I – IIIT Kottayam” on or before 1st June 2026. Selection will be based on merit and relevance of experience. Shortlisted candidates will be informed through email and called for an interview. The Institute reserves the right to shortlist candidates based on suitability and project requirements. - No TA/DA will be provided for attending interviews. - Mere fulfilment of the eligibility criteria does not guarantee a call for an interview. - The institute reserves the right to shortlist candidates based on suitability and availability of funds.
