AGRICULTURAL IMAGE ANALYTICS: FROM DATASET PREPARATION TO FEATURE SELECTION AND INTERPRETATION

The Indian Institute of Information Technology Kottayam (IIIT Kottayam) was established in the year 2015 as one among the IIITs established under the administrative control of the Government of India and later declared as an "Institution of National Importance" by an Act of Parliament enacted in 2017. Institute offers 4 year B.Tech and B. Tech (Hons) programs in ECE, CSE, CSE with Cyber Security, Data Science, Mathematics and Computing. Institute also offers Ph.D Programs in ECE, CSE and Mathematics as well as M.Tech programs in CSE AI & Data Science and Cyber Security.

Topics & Speakers :

Artificial intelligence for scalable solutions from lab to land:

- Dr. Berin Pathrose, Director of Planning, Kerala Agricultural University

Rubber sector: A world of opportunities for digital innovators:

- Dr. Thomson Abraham, Scientist, RRII Kottayam

Shape-based feature extraction for advanced agricultural image analysis:

- Dr. Leena Mary, Professor (Adjunct), IIIT Kottayam

Creating datasets and training robust models to enable AI-driven solutions in agriculture:

- Ms. Neethu C. T, DST-WISE Ph.D. Fellow, IIIT Kottayam

Beyond human vision: Introduction to hyperspectral imaging and spectral signature analysis in agriculture :

- Ms. Anju Augustine, DST-WISE Ph.D. Fellow IIIT Kottayam

TATWA Labs focuses on pioneering cutting-edge research at the intersection of Agriculture and Medicine, advancing health, food security, and sustainability through innovation, technology, and interdisciplinary collaboration for the betterment of society. This program offers insights into emerging AI techniques and their application in solving key agricultural problems.

Who can attend?

UG, PG Relevant Streams, Industry Experts
Research Scholars and Faculty members

Programme Highlights

In-depth insights into emerging AI technologies and their applications in agriculture.

Interaction with domain experts and researchers working at the intersection of AI and agriculture.

Participation certificate will be issued by IIITK upon successful completion of the program.

2 Days

Hybrid mode

2026 july 9th to 10th

Category of the research group	Registration Fee (INR) / Individual
PhD Scholars, Faculty Members, and Industry Experts	1500
UG/PG students	750

Programme Convener

Dr. Rubell Marion Lincy G, HOD CSE II, IIITK

Programme Coordinators

Dr. Cinu C Kiliroor Dr. Lidiya Lilly Thampi
