

One Week Workshop on Internet of Things for real-time applications with Implementations

Indian Institute of Information Technology Kottayam

16th to 20th June 2025 (Offline)

COURSE CONTENTS

- Introduction to Internet of Things
- Introduction to Wireless Sensor Networks
- Introduction to Micro-Processor and Micro-Controller
- Arduino Programming
- Interfacing of Arduino with sensors, Bluetooth, mobile phone and LCD display for IoT applications
- Introduction to Raspberry Pi
- Interfacing of Raspberry with sensors, Bluetooth, mobile phone and LCD display for IoT applications
- Introduction to Python for IoT Applications

ABOUT US

Indian Institute of Information Technology Kottayam at Valavoor, Pala, Kerala is one among the IIITs that have been established as "Institution of National Importance" by MoE, Govt. of India under the ambit of IIIT PPP act 2017. IIIT Kottayam campus is situated at Valavoor, Pala, Kottayam - a picturesque location, spread over in 53 acres of land - allotted by Govt. of Kerala in the southern part of the Country commonly referred to as God's Own Country. Institute offers 4 year B.Tech and B.Tech (Hons) programs in ECE, CSE, and CSE with Cybersecurity and Data Science. In addition, Institute also offers Ph.D programs in ECE, CSE and Mathematics as well as M.Tech programme in (1) AI & Data Science (2) Cyber Security for the working professionals.

RESOURCE PERSONS

Experts from Industry and Academia (IITs, NITs, IIITs) will be delivering talks along with hands on session.

PATRONS

- **Prof. Prasad Krishna**, Director, IIIT Kottayam.
- **Dr. M. Radhakrishnan**, Registrar, IIIT Kottayam.
- **Prof. P. Mohanan**, Prof. in-Charge (Academics), IIIT Kottayam.

REGISTRATION FEE

Rs. 1250/- for UG, PG and Ph.D. students.

Rs. 2000/- for faculties from academia.

Rs. 3000/- for Industry participants.

Registration Link:

<https://forms.gle/ofEgEVffrYmb8CPa9>

- Registration fee includes workshop materials and working lunch.
- Accommodation will be provided in hostel on payment basis by request.
- Last date to apply: **2nd June 2025**

Who Can Attend?

The proposed training is designed for researchers, students, and anyone with an interest in implementing real-time applications using IoT, sensor networks by considering Computer Networking principles and protocol design. Whether you are a beginner looking to grasp the basics or an experienced practitioner seeking to expand your knowledge and skills, this training offers valuable insights and practical knowledge to further your journey in the world of IoT and Robotics.

CO-ORDINATORS

Dr. Koppala Guravaiah

Assistant Professor
