

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY KOTTAYAM

(An Institute of National Importance under MoE, Govt)

ABOUT THE INSTITUTE

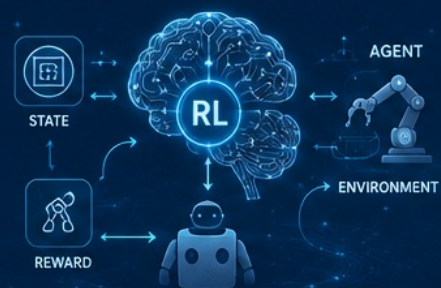

Established in 2015, IIIT Kottayam is an Institute of National Importance under the Ministry of Education, Government of India. The institute offers UG, PG, PhD, and executive programmes with strong emphasis on innovation, interdisciplinary research, and industry collaboration.

ABOUT THE DEPARTMENT

The Department of CSE – 2 (Applied AI) focuses on advancing research and education in AI, Machine Learning, Reinforcement Learning, Data Science, Computer Vision, IoT, and Intelligent Systems. The department actively promotes interdisciplinary research, industry collaboration, and capacity-building initiatives through workshops, FDPs, funded projects, and research-driven innovations that address real-world engineering and societal problems.

ABOUT THE PROGRAMME

This Five-Day FDP cum Workshop offers a structured introduction to Reinforcement Learning, covering core concepts, modern algorithms, hands-on implementation using Python and MATLAB/Simulink, and real-world applications in intelligent decision-making, sustainable manufacturing, and disaster resilience.

5-DAYS FDP CUM WORKSHOP

ON

APPLIED REINFORCEMENT LEARNING: FROM FOUNDATION TO REAL-WORLD APPLICATIONS

JULY 20-24, 2026 **4-7:30 PM (IST)** **ONLINE MODE**

TOPICS TO BE COVERED

- Introduction to Reinforcement Learning, Agent-Environment Interaction & Markov Decision Processes
- Value Functions, Q-Learning & SARSA
- Multi-Armed Bandits in Reinforcement Learning
- Deep Q Networks, Policy-Based Methods & Actor-Critic Frameworks
- Multi-Agent Reinforcement Learning
- Hands-on demo sessions of using Python, Reinforcement Learning with MATLAB (problem formulation and solution)
- Real-World RL Applications of RL in different Intelligent Decision Systems

WORKSHOP HIGHLIGHTS

- Hands-on demonstrations using Python & MATLAB
- Source code and learning resources will be shared
- E-Certificate for all eligible participants
- Interactive Q&A sessions with domain experts

WHO CAN ATTEND

Faculty members, researchers, industry professionals, and UG, PG, and PhD students from all disciplines interested in Reinforcement Learning and its applications.

REGISTRATION FEE

- UG/PG Students – ₹500
- Research Scholars – ₹750
- Faculty Members – ₹750
- Industry Professionals – ₹750

FEE PAYMENT

- Visit the [SBI Collect Portal](#).
- Search for "IIIT Kottayam".
- In payment category, Select "FDP cum Workshop -Applied Reinforcement Learning-".
- Enter participant details & complete payment.
- Download the receipt as PDF
- Upload the receipt during registration in [Google Form](#).

LAST DATE: JULY 19, 2026

Department of CSE 2 - Applied AI,
IIIT Kottayam

PATRONS

Prof. Prasad Krishna, Director (i/c), IIITK
Dr. M Radhakrishnan, Registrar, IIITK
Prof. Ashok S, PIC Academics, IIITK

PROGRAMME CONVENER

Dr. Rubell Marion Lincy G
Assistant Professor & HoD,
Department of CSE -2 (Applied AI)
IIIT Kottayam

RESOURCE PERSONS

Dr. Raghuram Bharadwaj
Assistant Professor,
Dept. of Computer Science & Engineering,
IIIT Bangalore

Dr. Syed Sahul Hameed A S
Assistant Professor,
Dept. of Computer Science & Engineering,
IIITM Kancheepuram

Dr. Souvik Chatterjee
Manager - Principal Customer Success
Engineer,
MathWorks India

Mr. Mahesh Kumar
Senior Research Fellow,
NIT Puducherry

&
Faculty Members
of IIIT Kottayam

CO-ORDINATORS

Dr. Mirothali Chand C
Assistant Professor,
Department of CSE -2 (Applied AI),
IIIT Kottayam

Dr. Rubell Marion Lincy G
Assistant Professor & HoD,
Department of CSE -2 (Applied AI),
IIIT Kottayam
