

Indian Institute of Information Technology Kottayam

Department of Electronics and Communication Engineering

in association with

Next Generation Communications Research Group organizes

Five Day Skill Development Program on

Communication Systems Design using SDRs

01- 05 June, 2026
(Online Mode)

Indian Institute of
Information Technology
Kottayam

Organizing Committee

Patrons

Dr. Prasad Krishna, Director, IIITK.
Dr. M. Radhakrishnan, Registrar, IIITK.
Prof. Ashok S, PIC Academics, IIITK.

Convenor

Dr. A. Ananth, Asst. Professor and Head,
Department of ECE, IIITK
Dr. Rubell Marion Lincy, Asst. Professor
and Head, Department of CSE-2, IIITK
Dr. Arun Cyril Jose, Asst. Professor and
Head, Department of CSE-Cybersecurity,
IIITK

Coordinators

Dr. Deepak Jose, Asst. Professor, IIITK
☎ 8884172484
✉ deepakjose@iiitkottayam.ac.in
Dr. Emy M George, Asst. Professor, IIITK
☎ 9496211912
✉ emy@iiitkottayam.ac.in

Registration

Registration Link:

Deadline: 29th May 2026

Indian Institute of Information
Technology Kottayam, Valavoor P.O.,
Pala, Kottayam- 686635, Kerala.

About IIIT Kottayam

Indian Institute of Information Technology Kottayam at Valavoor, Pala, Kerala is one among the IIITs that have been established as "Institution of National Importance" by MoE, Govt. of India under the ambit of IIIT PPP act 2017. IIIT Kottayam campus is situated at Valavoor, Pala, Kottayam - a picturesque location, spread over in 53 acres of land - allotted by Govt. of Kerala in the southern part of the Country commonly referred to as God's Own Country. B.Tech students are admitted through the JoSAA/CSAB counselling against the JEE main rank list. Institute offers 4 year B.Tech and B.Tech (Hons) programs in ECE, CSE, CSE with specialization in AI & Data Science and Cyber Security. In addition, Institute also offers Ph.D. programs in ECE, CSE, Cybersecurity, Digital Humanities and Computational Mathematics. Also, e-M.Tech programme in (1) AI, ML & Data Science (2) Cyber Security & Digital Forensics is offered by the institute. Further, IIIT Kottayam offers Integrated M.Tech in AI & Data Science for working professionals.

About the Department

Electronics and Communication Engineering Department of IIIT Kottayam adopts foremost teaching and learning practices for the students to excel in theoretical and experimental learning activities. The department paves a way to create highly motivated and technologically competent human resource in various domain through effective partnership with research organizations, industries, and active communities, across the globe. Our B.Tech. program in ECE enhances intellectual and practical skills of the students, by providing exposure to state-of-the-art technologies and moulds the students with fundamental competencies, problem solving abilities and entrepreneurship skills to excel in their career.

Our curriculum imparts strong foundation on Electronics and Communication Engineering with a blend of Computer Science, extending to elective courses in emerging fields. This program spans across prominent fields including Hardware/Software Co-Design, Signal Processing, VLSI and Embedded Systems, IoT, Edge computing, Next Generation Communication Network, Integrated Circuits, Robotics and Automation, Artificial Intelligence, Machine Learning, Deep Learning and so on. This dynamic curriculum acquaints the students for current industrial needs as well as to pursue higher studies.

Speakers

1. Dr. Ananth A, Assistant Professor, Dept. of ECE, IIIT Kottayam
 2. Dr. Deepak Jose, Assistant Professor, Dept. of CSE-Cyber Security, IIIT Kottayam
 3. Dr. Emy Mariam George, Assistant Professor, Dept. of CSE, IIIT Kottayam
 4. Dr. Rajesh G, Assistant Professor, Dept. of ECE, IIIT Kottayam
 5. Dr. Vineeth Palliyembil, Assistant Professor, Dept. of ECE, IIIT Kottayam
- A few other experts from academia (IITs, NITs etc.) will also be delivering talks.

Participants

Targeted participants are UG, PG students, Research Scholars, Faculty members of academic institutions and scientists/researchers from industries and research organizations.

Duration: 5.00 P.M- 7.00 P.M

Registration Fee: Rs. 1500/-

Payment Link:

<https://www.onlinesbi.sbi/sbicollect/>

1. Select Category "Educational Institutions"
2. Search for Payee "IIIT Kottayam" and click on it
3. Payment Category – Select "**NGCRG**"
4. Enter the details and make payment
5. Use the DU number of fee payment to complete the form

Note: Registration fee is non-refundable.

About the SDP

This intensive skill development program is designed to provide hands-on expertise in designing, simulating, and implementing modern wireless communication systems using Python, MATLAB, Simulink, Software-Defined Radio (SDR) and GNU radio. Participants will gain practical knowledge of real-time signal processing and SDR-based prototyping, bridging theory with industry applications.

Objectives:

- Understand fundamentals of analog and digital communication systems
- Design and simulate communication models using Python, MATLAB, Simulink, Software-Defined Radio (SDR) and GNU radio
- Implement real-time wireless systems using SDR platforms
- Analyze and optimize system performance
- Gain exposure to modern wireless technologies and standards

Course Modules:

- Fundamentals of Communication System
- Analog and Digital Communication Techniques
- Familiarising various platform for Communication System Modeling
- Introduction to SDR, SDR Implementation
