

A Guide Book of Regulations for B.Tech. / B.Tech.(Hon.) Degree / B.Tech.(M.S.) Dual Degree Programmes

Indian Institute of Information Technology Kottayam (IIIT Kottayam or Institute) is established in 2015 with a major objective to set up an education model which can produce best-in-class human resources in IT and which can harness the multidimensional facets of IT in various domains. To develop new knowledge in information technology and to provide manpower of global standards for the information technology industry. IIIT Kottayam is committed to emerging amongst the foremost institutions in information technology and allied fields in the global context, to advancing new knowledge and innovation that empowers the nation, and to developing competent and capable youth imbued with the spirit of innovation and entrepreneurship with a social and environmental orientation. The Institute pursues these objectives through applied research and education in selected domain areas, with the aim of contributing significantly to India's global competitiveness across the key sectors of its economy and industry.

ORDINANCE

Eligibility for admission, admission policy and procedure shall be decided from time to time by the Senate / Board of Governors (BoG) of the Indian Institute of Information Technology Kottayam (henceforth referred to as Institute), following the guidelines issued by the Ministry of Education (MoE), Government of India (GoI).

- Institute offers regular full-time B.Tech. / B.Tech.(Hon.) Degree Programmes with normal duration of 4 years (8 semesters) and Dual Degree B.Tech.+M.S. Programmes with normal duration of 5 years (10 semesters).
- The award of the B.Tech. / B.Tech.(Hon.) degree / Dual degree B.Tech.+M.S. shall be in accordance with the regulations of the Senate of the Institute.
- The Senate / BoG of the Institute has the right to modify any regulations stated from time to time.

REGULATIONS

R.1.0 Admission

- R.1.1** The number of seats in each branch of the programme for which admission is to be made in the Institute will be decided by the Senate of the Institute. Seats are reserved for candidates belonging to the Scheduled Castes, Scheduled Tribes, Other Backward Classes, Economically Weaker Section and Physically Challenged candidates as per the orders of MoE, GoI, from time to time. A few seats may be offered to Foreign Nationals, Indians living abroad and other categories in accordance with the rules and procedures issued by the MoE, GoI and the Institute from time to time.
- R.1.2** Admission to the B.Tech. programmes in any year will be based on the performance in Joint Entrance Examination (JEE) Main, subject to change as per the orders from MoE, GoI.
- R.1.3** The eligibility criteria shall be consistent with the ordinance.
- R.1.4** The central seat allocation authority (as decided by orders of MoE, GoI, from time to time) will provide a merit list for the general category of students and a separate merit list for candidates belonging to Scheduled Castes, Scheduled Tribes, Economically Weaker Section, Physically Challenged and Other Backward Classes.
- R.1.5** Candidates have to fulfil the medical standards required for admission as set out in the Information Brochure by the Institute or by any other body or organization entrusted by MoE / the Institute.
- R.1.6** The selected candidate will be admitted to the B.Tech. programme after the student fulfils

all the admission requirements set by the Institute available on the Institute web site or as indicated in the letter of admission and after payment of the prescribed fees.

- R.1.7** If, at any time after admission, it is found that a candidate has not fulfilled all the requirements stipulated in the offer of admission, or it is found that a candidate has furnished any false information, the Institute may revoke the admission of the candidate and report the matter to the Senate.
- R.1.8** In all matters related to admission to the B.Tech. programme, the decision by the Institute or by any other body / organization entrusted by MoE / the Institute and its interpretation given by the Chairman of the Senate shall be final and binding.

R.2.0 B.Tech. / B.Tech.(Hon) Degree / B.Tech.-M.S. Dual Degree Programme

- R.2.1** Every programme specialisation will have a curriculum with syllabi consisting of theory, practical, project work, etc., as approved by the Senate and with categories as given below:

- Institute core courses comprising basic courses on Mathematics, Engineering Sciences, Professional Communication, Soft Skill & Personality Development, Entrepreneurship, Management, Economics, and Finance, etc.
- The programme core courses (of the specialisation) consisting of both theory and practical courses on the engineering / technology in the relevant areas.
- The programme elective courses (of the specialisation) consisting of courses on the engineering / technology in the relevant areas, where the students will have the option to choose the courses as per their interest.
- Open elective courses consisting of courses for holistic and skill development like Design Thinking & Innovation, etc.
- Projects relevant to the concerned specialisation approved by the Department.
- Activity Credits (AC) comprise courses like Environmental Studies, Liberal Arts and Co-curricular / Extra-curricular activities like Sports, Institute approved club activities, etc., from which the students are expected to obtain a minimum of 40 points towards 10 credits which are not counted for CGPA. The details of activities counted towards AC and the corresponding points will be issued by the Institute from time to time.

- R.2.2** The complete programme will consist of courses as per the approved curriculum distributed over eight (for B.Tech. & B.Tech.(Hons)) / ten (for B.Tech.-MS) semesters with two semesters per year.

- R.2.3** Foundation courses will generally be covered in the first two years (four semesters). From the fifth semester onwards students focus more on respective stream core courses and other

electives. In the case of the B.Tech.-MS programme, the fifth year will be devoted to thesis by research.

- R.2.4** At the end of the fourth semester, the students having a minimum of 8.0 CGPA should make their choice regarding the programme they would like to opt for, such as B.Tech. or B.Tech.(Hon) or B.Tech.-MS.
- R.2.5** Credits are assigned to the courses based on the following general pattern: one credit for each lecture period; one credit for each tutorial period; one credit for each laboratory or practical or project session of two periods / sessions.
- R.2.6** The curriculum of any specialisation of the B.Tech. programme is designed to have a total of 160 credits. The minimum credits for the award of the B.Tech. degree are 160 with a minimum CGPA of 5.5. For B.Tech.(Hon.) and B.Tech.-MS dual degrees, the minimum credits for the award are 180 and 200 respectively with a minimum CGPA of 8.0.
- R.2.7** The syllabi and curricula of the programmes are subject to revision from time to time, based on the suggestions from the curriculum committee with the approval of the Senate.
- R.2.8** No semester shall have more than seven lecture-based courses and four laboratory courses / projects as prescribed in the curriculum, carrying more than 30 credits.
- R.2.9** The medium of instruction, examination and project reports will be English.

R.3.0 Registration and Enrolment

- R.3.1** Each academic year has two semesters, namely, Odd Semester (August–November) and Even Semester (January–April). Except for the first semester, registration of a semester will be done during a specified week before the commencement of the semester (pre-course registration).
- R.3.2** From the second semester onwards all students have to enrol within a specified duration at the beginning of a semester as per the academic calendar. A student will be eligible for enrolment only if the student satisfies R.8 and will be permitted to enrol only if the student has cleared all dues to the Institute, Hostel, Library and other sections up to the end of the previous semester, provided he / she is not debarred for enrolment by a disciplinary action of the Institute.

Late registration / enrolment will be permitted with a fine as decided from time to time up to a specified time from the last date specified for registration in the academic calendar.
- R.3.3** The registration portal contains the course code, course name, number of credits and category for each course taken in that semester. The student makes the choice of course in consultation with his / her Faculty Advisor.
- R.3.4** The maximum credits that can be registered by a B.Tech. student in any semester is the

normal credits of the concerned semester as per the relevant curriculum. A few exceptions are:

- (i.a) Students who are repeating failed courses / crediting dropped courses (R.4.0) / courses withdrawn (R.7.0), along with regular courses, shall be permitted to register for a maximum of two courses (failed / dropped / withdrawn) in addition to the normal credits of the semester except in the VII and VIII semesters.
- (i.b) Students can register for courses up to a maximum of 30 credits including the normal courses of the semester and failed / dropped (R.4.0) / withdrawn (R.7.0) courses in the VII and VIII semesters.

Before making the registration, students shall check the timetable to avoid any slot overlap of the courses registered. Registrations shall be done with the prior approval of FA / HoD.

- (ii) *Auditing extra courses:* Students are also eligible to take extra courses (only for audit purpose and not for CGPA) apart from the normal courses prescribed in the curriculum, viz., one course each in the 5th, 6th and 7th semesters and not more than two courses in the 8th semester subject to a maximum of 30 credits (total for the semester), provided the student has no backlog and has earned a CGPA of ≥ 7.0 at the end of the previous semester. Before making the registration, students shall check the timetable to avoid any slot overlap of the courses registered. Students taking extra courses should obtain the prior approval of the Dean through FA / HoD. These courses will be shown in the grade card only if passed (with a grade U). These will not be considered for CGPA calculation.

R.3.5 No withdrawal from any of the courses registered will be allowed except as per regulation (R.4.0 or R.7.0).

R.4.0 Slow Pace Learning

The curriculum for any semester, except for the final semester, will normally carry credits between 15 and 30.

If a student finds their academic load heavy in any semester, or for any other valid reason, the student may drop one or two courses (after proper discussion with FA) within the stipulated date as per the academic calendar, with the written approval of his / her Faculty Adviser / HoD. However, the students should ensure that the total number of credits registered in any semester should enable them to earn the minimum number of credits as specified in R.17.0 to complete the programme within the maximum duration of the programme permitted as per R.9.0.

R.5.0 Faculty Advisor (FA) and Class Committee (CC)

- R.5.1** To help the students in planning their courses of study and for getting general advice on the academic programme, the Institute will assign a certain number of students to a Faculty member who will be designated as their Faculty Advisor.
- R.5.2** Every class of the B.Tech. programme will have a Class Committee consisting of Faculty and students' representatives.
- R.5.3** The constitution of the Class Committee will be as follows:
- One Faculty (who is not taking any course for the class) nominated by the Dean (Academics) to act as the Chairperson of the Class Committee.
 - Faculty members of each of the lecture / lab based courses.
 - Class Representatives (minimum two, out of which one shall preferably be a girl) of the respective class.
 - Faculty Advisors of the respective class / batch.
- R.5.4** The basic responsibilities of the Class Committees are:
- Finalisation of the course plan, attendance and evaluation policies of all courses as per the academic rules. These should be announced to the students at the beginning of the semester and presented in the first class committee by the faculty.
 - To review periodically the progress of the classes.
 - To discuss problems concerning the students and make suitable recommendations to improve the academic performance of the students.
 - Identification of students with poor performance and low attendance and reporting the matter to FAs and HoDs for appropriate actions.
 - The class committee meeting without student members, at the end of the semester, would finalize the grades of the students for each course.
 - The Committee shall meet at least thrice during the semester. The Dean (Academic) or nominee or HoD shall have the right to be present in any Class Committee meeting. The Chairperson of the committee or his / her nominee shall record the proceedings of each meeting and the Chairperson shall communicate a copy of the minutes of each meeting to the HoD / Dean (Academic) for any further action.

R.6.0 Attendance, Condonation and Course Feedback

R.6.1 Students are expected to attend all the classes. Students should have a minimum of 80% attendance in a course to become eligible for writing the end-semester examination of the course. Students shall check their attendance details with the faculty after the mid-semester examination. A list of students who are likely to have attendance shortage will be announced in the class committee meeting after the mid-semester examination for the information of the FA / class representatives.

The faculty handling a course must finalise the attendance 3 calendar days before the last instructional day of the course in the semester. The particulars of all students who have attendance less than 80% in that course will be announced in the class by the corresponding faculty.

The percentage of attendance shall be calculated based on the number of classes conducted from the date of commencement of the semester as per the academic calendar (except for first semester students). In the case of first semester students, it shall be counted from the date of admission of the student to the Institute or start of the classes, whichever is later.

Those students with attendance less than 80%, for any course registered in a semester, will be eligible to get their shortage of attendance condoned and hence to appear for the end-semester examination for that course only if the student applies for condonation subject to the following conditions:

- the attendance in that semester for the course concerned, without applying any condonation, is not less than 65% of the total classes handled for that course;
- the attendance after considering all the leaves approved (as per R.6.2) is 80% or above, of the total classes handled for that course.

Provisional permission may be given to appear for the end-semester examination if the student has submitted all the relevant documents for the appropriate leave and paid the condonation fee.

R.6.2 If a student could not attend any of the classes due to medical issues or any other compelling reasons, or for essentially participating / volunteering in any events / functions / extra- / co-curricular activities approved by the Institute, a leave application needs to be submitted to the FA / HoD.

(i) All applications for any leave shall be submitted to FA within five instructional days after returning from leave, or on or before the last instructional day of the semester, whichever is earlier, failing which it will not be considered.

(ii) Application for leave on medical grounds must be submitted to FA with necessary treat-

ment records / medical certificate issued by the medical officer who treated the student, with endorsement from the Institute medical officer for the period of leave applied for. It is also expected that the student shall inform the course faculty before proceeding on medical leave under normal circumstances. Medical leave shall be recommended by the FA and approved by the concerned HoD.

- (iii) Application for duty leaves (maximum limit to be specified) for participating / volunteering in any events / functions / extra- / co-curricular activities approved by the Institute shall be attested by the faculty in-charge of the event and approved by the concerned HoD.

R.6.3 The course faculty shall consider all such approved leaves submitted by the students as per the above, in calculating the percentage attendance (condonation). The final list of all students who have attendance less than 80% in that course after considering sanctioned leaves, if any (R.6.2), shall be sent to the HoD / Academic section.

R.6.4 Those students whose attendance in a course is 80% or above, after considering the approved leaves (R.6.3), may be permitted to write the end-semester examination through condonation. Application for the condonation shall be submitted to FA with the payment slip (for the condonation fee — a nominal penalty amount as decided by the Institute) for recommendation before the commencement of end-semester examinations, for the approval of HoD / Dean. If the student fails to submit the application with the payment slip for condonation, he / she will not be permitted to write the end-semester examination and will be awarded an L grade for that course.

R.6.5 Students having an attendance percentage still less than 80 after considering all the approved leaves (R.6.3) will be awarded an L grade for the course. The students who have an L grade in at least one course will have to repeat the courses in which he / she has insufficient attendance, whenever it is offered next.

R.6.6 For every course, attendance in the end-semester examination is mandatory. In cases where the student does not attend the end-semester examination without any prior appropriate approval under exceptional circumstances (see R.11.1), he / she will be considered to have failed in the course and it will be counted as a backlog.

R.6.7 All the students are expected to complete the course feedback form. Online course feedback by students will be taken with full confidentiality for every course. Submission of the course feedback is essential for the issue of the hall tickets for the end-semester examination.

R.7.0 Withdrawal of a Registered Course

Withdrawal of a registered course(s) in a semester is usually permitted / enforced under very special cases, for example, due to prolonged illness. A W grade is given for the course(s) in these circumstances and the student is asked to repeat the concerned course(s) with the same course code, taking all the

examinations when it is offered next. The new grade obtained by the student will be taken into consideration and appear in the transcript. However, the previous W grade will also appear in the transcript till the course is successfully completed. A W grade will not have any effect in the calculation of SGPA and CGPA. If a student has a W grade in a registered course in a particular semester, SGPA will be calculated based on the grades obtained in other registered courses of that semester. A similar rule will apply to CGPA as well.

R.8.0 Essential Requirement to Continue the Programme

A student should not have more than 2 backlogs at the end of each year and should not have any disciplinary actions and no dues, to continue their studies during the programme. If a student has more than 2 backlogs, as stated above, a choice may be provided to the student to either repeat the failed courses in the summer term (R.15.0) or register for the failed / additional (in the case of electives) courses in the upcoming semesters (R.3.4), or to exit / get terminated from the programme. If his / her average credits earned is less than 12 in a year (for students under slow pace learning, R.4.0) but not more than 2 backlogs, he / she has to register for the courses not yet registered as per the curriculum, in the subsequent semester.

R.9.0 Maximum Duration of the Programme

A student is ordinarily expected to complete the B.Tech. or B.Tech.(Hon) programme in eight semesters, and the dual degree programme (B.Tech.-MS) in ten semesters. However, a student may complete the B.Tech. programme at a slower pace by taking more time (with the approval of the Institute), but in any case not more than 12 semesters excluding semesters on temporary discontinuation as per R.10.0.

R.10.0 Temporary Discontinuation from the Programme

- (i) A student may be permitted by the Director to discontinue temporarily from the programme for a maximum of two semesters for reasons of ill health or other valid reasons, based on the recommendation from FA and HoD. For this break of study due to illness, all necessary medical reports and medical certificates from the doctor treating the student, giving definite reasons for the break of study and its duration, shall be produced. The medical certificate should be duly endorsed by the Institute Medical Officer. Before joining back, a fitness certificate from the doctor who treated the student, with endorsement from the Institute Medical Officer, has to be submitted.

- (ii) The students desirous of initiating a start-up venture shall submit their business proposal to the Academic section through the FA / HoD concerned. The proposal shall be scrutinized by an Institute Level Committee for Innovation, Entrepreneurship and Start-ups constituted by the Director. Based on the recommendation of the committee, the Director may approve the proposal for start-up formation. Once the start-up is registered through IIITK (only) and has initiated activities, the students concerned can submit an application for an academic break of one semester or a maximum of two semesters for their start-up activities, if they desire. The Dean (Academic) will take appropriate action for temporary discontinuation based on the recommendation by the HoD. The academic break shall be given initially for one semester and a further extension of one more semester will be given based on a review of the progress and recommendation by the HoD.
- (iii) In case of a change in the curriculum / syllabi, a student has to register for the approved equivalent courses (meeting the credits) as per the revised curriculum / syllabi as per the advice of the FA, whenever the student is allowed to continue the programme after the period of discontinuation.
- (iv) Temporary discontinuation shall be sanctioned only for one semester at a time. A student shall not be permitted to avail two semesters of discontinuation continuously in a single sanction; where a second semester of break is required, a fresh application shall be submitted with the recommendation of the FA / HoD, and the extension may be granted subject to the approval of the competent authority, within the overall limit of two semesters specified in (i) above.
- (v) Students proceeding for temporary discontinuation are required to maintain the Institute registration by paying the fees applicable for keeping the registration alive till they resume normal academic activities. Once they join back after temporary discontinuation, fees applicable for regular students shall be paid at the time of registration.
- (vi) If a student wants to leave the programme, he/she will be issued with the grade cards of all the completed courses and credits earned will be uploaded in ABC. No credit transfer certificate will be issued from the institute.

R.11.0 Make-up Examination

R.11.1 *Make-up examination for the end-semester:* The incomplete grade 'I' is a transitional grade which will be given to students who are unable to appear for the end-semester examinations with prior approval under exceptional circumstances (e.g., hospitalisation under serious medical reasons with an appropriate medical certificate from a Medical Officer endorsed by the Institute Medical Officer) as recommended by the course instructor / faculty advisor / Head of the Department and approved by the Dean (Academics). A make-up examination will be given to the students provided they meet the attendance requirements as per R.6.0 and other academic requirements as per the rules and regulations of the Institute. All applications for make-up examinations shall be submitted to FA, and when approved by the HoD, the FA

shall inform the academic section for giving necessary instructions to the course faculty concerned for conducting the make-up examinations. The list of students permitted to appear for the make-up examinations for the end-semester examinations shall be published by the department / academic section.

The actual grade after the make-up examination will be taken and will reflect in the grade card, replacing the 'I' grade. In case the student obtains an F grade in the make-up examination, the student shall repeat the end-semester exam.

R.11.2 *Make-up examination for the mid-semester:* The make-up is permitted for the mid-semester examination only for very essential valid reasons like (i) approved medical leave for hospitalisation with a certificate from a Medical Officer endorsed by the Institute Medical Officer, or (ii) any prior approved leave by the Chairman, Senate, for participating in approved national events, or (iii) any prior approved leave by the FA / HoD due to emergency critical situations with proof of inability to attend the examination certified by a gazetted officer. The make-up examination for the mid-semester shall be conducted based on the mutual convenience between the students and course faculty during the semester before the end-semester examination.

R.11.3 There will not be any make-up examination for the components other than mid- and end-semester examinations, in the curriculum.

R.12.0 Assessment and Grading

A. Assessment

R.12.1 Continuous assessment will be adopted for the assessment of all the courses. In this regard, tests, quizzes, assignments, tutorials, course projects, etc., appropriate to the course, and mid- and end-semester examinations will be conducted. The Senate will decide from time to time on the system of assessment for each course in each semester. The number of assignments, tutorials, presentations, quizzes, course projects, reports, etc., with the weightage, shall be decided by the course faculty and as announced in the first class committee.

A general guideline for the assessment procedure of a theory course with respective weightage is given below.

- Continuous Assessment (Assignment, Quiz, Tutorials, Course Project, etc.): 25–45%
- Mid-Semester Examination — minimum 90 minutes duration: 15–25%
- End-Semester Examination — minimum 180 minutes duration: 40–50%

However, if any change in the above guideline is required, the details of the weightage of marks for these within-semester term evaluations have to be announced to the students, in

consultation with the Class Committee at the beginning of the semester. The total weightage for Continuous Assessment within the semester and mid-semester examinations together will be between 50% and 60% and should not be more than 60%. The weightage for the end-semester examination will be the remaining.

R.12.2 For practical courses, 70% weightage will be given for experiments through continuous evaluation and 30% weightage will be given for written / viva examinations at the end of the semester. The split-up components and weightage of continuous evaluation will be decided by the faculty instructor and as announced in the first class committee.

R.12.3 The assessment of activities by the students as part of Activity Credits (AC) shall be finalised by the faculty in-charge of the event / instructor as per the guidelines issued by the Senate from time to time.

R.12.4 *Project Evaluation:* The B.Tech. project work is carried out in two stages (BTP-I and BTP-II), each spread over a semester — 7th and 8th semesters.

- (i) At the end of the first stage (BTP-I), the student is required to submit a preliminary brief report of their work by a prescribed date to the Project Coordinator and present it to a Project Evaluation Committee (PEC) constituted by the concerned department, including the guide, as a seminar. Both the report and presentation shall be as prescribed by the department. Out of the total credits assigned to the project, 30% of the weightage comes from the Project guide and the remaining 70% is awarded by the other members of the Project Evaluation Committee (PEC).
- (ii) The first stage (BTP-I) work can be continued in the following semester as BTP-II and a final report has to be submitted at the end of that semester. The distribution of the scheme of evaluation for BTP-II will be the same as mentioned above.
- (iii) Projects done in reputed research / academic institutions / industries under an approved internship scheme can be converted to BTP-II, only on satisfaction of all the conditions given as: (a) all the students in the batch under internship are doing the same or part of a single project in the same organisation / institution; (b) the title and objectives of the project are relevant to their stream and approved by the department; (c) the organisation / institution shall be ready to share all the details of the project or provide sufficient access to data for academic evaluation purposes, subject to applicable confidentiality agreements; (d) there shall be a guide at IIITK and a qualified guide at the organisation / institution where the students are doing the project under internship; (e) both the guides shall be present during the evaluation; (f) all the evaluations will be offline at IIITK Campus and the same as for other students doing the project at IIITK; (g) if the project work under the internship is not satisfactory and fails during evaluation, students will be required to repeat a project at IIITK by re-registering for it in the subsequent semester.
- (iv) The project report, prepared according to the prescribed format available in the academic

section, will be submitted to the Department at least one week before the date of evaluation. The evaluation will be held before the end-semester examination. The whole evaluation process should be completed by a deadline stipulated by the Academic Section in line with the academic calendar. The project will be evaluated by the Project Evaluation Committee and the result will be submitted to the Project Coordinator, who in turn will forward it to the Academic Section through the HoD.

- (v) Those who fail in the first-stage assessment will be required to repeat the first stage in the following semester. Likewise, those who obtain an 'F' grade in the final (second-stage) assessment will be required to repeat the same in the subsequent semester. This will be on a chargeable basis.
- (vi) B.Tech.(Hon) project evaluation will also be carried out in a similar manner by a PEC constituted by the Department, as mentioned above, and the evaluation process has to be completed by the end of the semester as stipulated by the academic section. The evaluation has the following weightage: Project Guide — 30% and PEC — 70%. The rules for submitting the final project report remain the same as above. Those who fail in the final assessment will be required to repeat the same in the following semester on a chargeable basis.
- (vii) On successful completion of the evaluation, each student will be required to submit one corrected bound copy and a soft copy of the final project report to the Department / supervisor(s).
- (viii) M.S. research project evaluation will also be carried out in a similar manner by a project evaluation committee constituted by the Department, as mentioned above, and the evaluation process has to be completed by the end of the semester as stipulated by the academic section. The evaluation has the following weightage: Project Guide — 30% and PEC — 70%. There will be only internal evaluation by the PEC for the research project stage-I. Those who fail in the first-stage assessment of the research project will be required to repeat the same in the following semester.
- (ix) For research project stage-II, evaluation will also be carried out in a similar manner by a project evaluation committee constituted by the Department, as mentioned above, and the evaluation process has to be completed by the end of the semester as stipulated by the academic section. The evaluation has the following weightage: Project Guide — 20% and PEC — 50%. On successful completion of the internal evaluation by the PEC, there will be an external evaluation by a panel consisting of the guide and an external examiner outside the Department within the Institute, nominated by the project coordinator and approved by the HoD. The evaluation has the following weightage: Project Guide — 10% and External examiner — 20%. The whole evaluation process should be completed by a deadline stipulated by the Academic Section in line with the academic calendar. The results will be submitted to the Project Coordinator, who in turn will forward it to the

Academic Section through the HoD. The rules for submitting the final project report remain the same as above. Those who fail in the final assessment will be required to repeat the same in the following semester on a chargeable basis.

- (x) Extension of time, usually not exceeding 3 months from the announced last date for submission of the project report, may be granted by the Department with permission of the Dean (Academics) in the case of students with insufficient progress in the project work, on the recommendation of the guide. In such a case the concerned student will be temporarily awarded an 'I' grade. Once the project work is completed within the permitted extended period, evaluation will be conducted as per the above procedure and an appropriate grade will be awarded in place of 'I'. Further, if the reports are not submitted within the allowed time period, the 'I' grade will be automatically converted to an 'F' grade.
- (xi) Students are expected to make serious efforts to do the project in each of the phases so as to attain tangible outcomes such as publications, patents and copyrights from each of them or jointly.
- (xii) A Scopus-indexed publication (or final acceptance) or a patent / copyright (Indian — published / granted) is essential to get the excellent grade in the B.Tech. (BTP-II) and B.Tech.(Hon) projects. An SCI journal publication (or final acceptance) is essential to get the excellent grade in the M.S. project.

B. Grading

R.12.5 Relative grading will be adopted for assigning grades in courses. Based on the semester performance, each student is awarded a final letter grade at the end of the semester in each course. The letter grades and the corresponding grade points are as follows:

Letter Grade	Grade Points	Remarks
A	10	Excellent
A-	9	Very good
B	8	Good
B-	7	Fair
C	6	Average
C-	5	Poor
D	4	Pass
F	0	Failed
L	0	Insufficient Attendance
I	–	Incomplete (subsequently to be changed into a valid grade)
W	–	Withdrawal due to special circumstances
U	–	Audit Course

- R.12.6** A student is considered to have completed a course successfully and earned the credits if he / she secures a letter grade other than F or W or I or U in that course.
- R.12.7** Grade ‘I’ will be awarded by a course faculty to a student in a course as an interim grade when the assessment of the student in that course stands incomplete due to certain valid reasons. Once an ‘I’ grade is awarded to a student, the concerned course faculty shall ensure that it will be converted to a final grade before the next academic session, and the same shall be informed to the academic section through the Chairperson, CC, and HoD.
- R.12.8** Grade W will be awarded by a course faculty to a student in a course when the course is withdrawn by the student as per R.7.0. The W grade, once awarded, stays in the record of the student and is deleted when he / she completes the course successfully later. The grade acquired by him / her will be indicated in the grade card of the appropriate semester.
- R.12.9** Students whose attendance is less than 80% for a course in a semester will be awarded the letter grade L for that particular course in that semester, irrespective of the marks obtained by them for that course, unless their shortage of attendance is condoned as per R.6.0. The L grade, once awarded, stays in the record of the student and is deleted when he / she repeats the course and receives a pass grade later.
- R.12.10** An F grade will be awarded in a course if the student failed as his / her performance is not satisfactory for a pass grade. An F grade obtained by the student will be deleted in the grade card once that course is successfully completed.
- R.12.11** Audit courses are non-credit courses to allow students to gain knowledge in additional subjects

(which may be additional elective courses if offered, or NPTEL courses) without affecting their grade point average (GPA) (R.3.4 (ii)). Audit courses will be listed in the grade card and awarded a U grade, only if passed.

R.12.12 *Method of Awarding Letter Grades.* After the valuation of the answer scripts and the tabulation of marks for each component for each course, the Course Faculty shall decide the range of marks for various letter grades and award the letter grades to the students in that course accordingly. A final meeting of the class committee without the student members will be convened within 15 working days after the last day of the end-semester examination. The letter grades awarded to the students for different courses will be finalized at the meeting. A copy of the grades will be forwarded by the Class Committee Chairperson to the Dean (Academics) for approval.

R.13.0 Declaration of Results and Grade Card

R.13.1 After finalization by the Class Committee, the letter grades awarded to the students in each course will be announced by the academic section.

R.13.2 *Grade Card.* The grade card issued at the end of the semester to each student will contain the following:

- The credits for each course registered for that semester.
- The letter grade obtained in each course.
- Total number of credits earned by the student up to the end of that semester.
- The Cumulative Grade Point Average (CGPA) of all the courses taken from the first semester.

$$\text{GPA} = \frac{\sum_i (C_i \cdot GP_i)}{\sum_i C_i} \quad (1)$$

where C_i = credit for the course, GP_i = the grade point obtained for the course, and $\sum_i C_i$ = the sum of credits in all courses taken in that semester, including those in which the student has secured F and W grades.

For the cumulative grade point average (CGPA), a similar formula is used where the sum $\sum_i C_i$ is the sum of credits in all courses taken in all the semesters completed up to the point in time.

The CGPA based on the successfully completed courses is calculated by deleting the 'F', 'U' or 'W' grades, and is also shown separately in the grade card.

R.14.0 Re-count / Re-evaluation of Answer Books

For a re-count of answer books, in case any student feels aggrieved, only for theory courses, he / she can contact the course faculty concerned within one week from the announcement of the results. The student shall have access to his / her answer books / paper(s) of the end-semester examination, which may be shown (only) to him / her inside the faculty cabin by the faculty concerned. In case of any counting mistakes, and if the faculty feels that the case is genuine, he / she may re-examine the case and forward a revised grade, if any, to the Dean (Academic) through the Chairperson of the Class Committee / HoD with justification for the revision. The course faculty shall ensure that the decision on the request is communicated in writing to the student within a week, if there is no change in the published results.

If the student is still not satisfied, an appeal can be submitted to the Dean (Academic) through FA and HoD for re-evaluation of the answer scripts, along with the receipt for the payment of the prescribed re-evaluation fee, within ten working days on receipt of the communication from the course faculty.

The Dean (Academic) may arrange for the re-evaluation of the answer scripts / book by another faculty member from a panel of a minimum of 2 examiners (faculty who have already offered the same or a similar course) proposed by the HoD. Once the result of re-evaluation of answer scripts is intimated by the faculty who conducted the re-evaluation to the Dean (Academic), the results obtained on re-evaluation will replace the earlier results, only if the difference is more than 5% of the maximum marks. Requests received for re-evaluation after the stipulated time shall not be entertained. The result after this re-evaluation shall be final and no further process shall be permitted. There shall not be any re-evaluation of answer scripts / books of mid-semester / repeat examinations and examinations conducted for labs. Also, there is no re-evaluation for the projects.

R.15.0 Summer Term and Contact Courses

- 1) A summer term course (STC) may be offered for courses where more students received an F grade in a course, during the summer vacation, if there are at least 5 students to take up the course. No student should register for more than two courses during a summer term.
- 2) Summer term courses will be announced normally after the publication of the results of the end-semester examinations of the even semester. A student will have to register within the time stipulated in the announcement by paying the prescribed fees.
- 3) The number of contact hours in any summer term course (STC) will be the same as in the regular semester course. The attendance requirements and the assessment procedure in a summer term course will also be similar to the procedure for a regular semester course. The students who received an F grade in a summer term course shall repeat the same in the subsequent semesters, when the same is offered.
- 4) A Contact course may be offered during the summer vacation, ONLY to a final year student who has obtained an F grade in a maximum of 2 courses and has completed successfully all the remaining courses and requirements. A contact course refers to an accelerated course where the entire classes and examinations related to a course shall be completed in 30 to 45 days' time. The course will be offered ONLY on the recommendation of the department, with the mutual agreement of the faculty instructor and the student, when the student has paid the prescribed fees and has no other pending dues to the Institute. Such final year students who wish to take contact courses should apply to the Dean (Academic) as per the notification issued by the academic section, through FA / HoD.
- 5) No student should register for more than two contact courses during the semester or summer period.
- 6) A contact course cannot be offered if a regular OR a summer course is offered on the same course during that period.
- 7) The assessment procedure for a contact course will be similar to the procedure for the regular semester course. The students who received an F grade in a contact course shall repeat the same in the subsequent semesters, when the same is offered.
- 8) Withdrawal from a summer term or contact course, or refund of the fees paid, is not permitted after the registration.
- 9) The maximum grade awarded in a summer term course is limited to a B grade, and that in a contact course is limited to a C grade.

R.16.0 Repeating the Courses to Improve the CGPA to Meet the Minimum Degree Requirement

At the end of the programme, when the student has successfully completed the credit requirement (as per R.17.0) but the CGPA earned is less than 5.5 (the minimum requirement for the degree), the student is allowed to improve only those courses whose GP is less than 6.0 by repeating the courses (on a chargeable basis) until the student earns a CGPA of 5.5 (limited to 5.5 even if it is more than 5.5) within the stipulated maximum period (12 semesters as per R.9.0) of the programme, subject to the approval of the Dean / Director with recommendations from FA / HoD. If they still fail to earn a CGPA of 5.5 within the maximum period of the programme, they will be given only a course completion certificate and not the degree certificate.

A student who, at the end of Semester VI, has earned a CGPA of less than 5.0 shall also be permitted to repeat courses (on a chargeable basis) in which the GP earned is less than 6.0, provided the concerned department is floating the course in that semester and free slots are available in it. Such registration shall be subject to the approval of the Dean / Director with recommendations from FA / HoD, and shall be governed by the same conditions as R.16.1, including the capping of CGPA at 5.5.

R.17.0 Degree Requirements

R.17.1 *Eligibility for the Award of B.Tech. Degree.* A student shall be declared to be eligible for the award of the B.Tech. degree if he / she has:

- Registered and successfully completed all the core courses and projects as specified in the curriculum corresponding to the branch of his / her study.
- Successfully acquired the minimum required credits (160) with a minimum CGPA of 5.5 as specified in the curriculum corresponding to the stream of his / her study within the stipulated time.
- Successfully completed the minimum required points (40) for the activity credits.
- No dues and no disciplinary action are pending against the student.

R.17.2 *Eligibility for Award of the B.Tech.(Hon) Degree.* A student shall be declared to be eligible for the award of the B.Tech.(Hon) degree if he / she has:

- Registered and successfully completed all the core courses and projects as specified in the curriculum corresponding to the branch of his / her study.
- Successfully acquired the minimum required credits (180) with a minimum CGPA of 8.0 as specified in the curriculum corresponding to the stream of his / her study within the stipulated time.

- Successfully completed the minimum required points (40) for the activity credits.
- No dues and no disciplinary action are pending against him / her.

R.17.3 *Eligibility for Award of the B.Tech.-MS Degree.* A student shall be declared to be eligible for the award of the B.Tech.-MS degree if he / she has:

- Registered and successfully completed all the core courses and projects as specified in the curriculum corresponding to the branch of his / her study.
- Successfully acquired the minimum required credits (200) with a minimum CGPA of 8.0 as specified in the curriculum corresponding to the stream of his / her study within the stipulated time.
- Successfully completed the minimum required points (40) for the activity credits.
- No dues and no disciplinary action are pending against him / her.

R.17.4 For students visiting reputed and approved Universities / Institutes abroad and within the country under a permitted Exchange programme, the following will be followed for credit transfer:

The credits / grades indicated in the grade sheet obtained from the university where the student has done courses should be used by the student as part of his / her transcripts.

Institute transcripts should only indicate the courses, credits and grades completed at IIIT Kottayam. The CGPA calculation based on credits done at the Institute alone is to be considered for the award of prizes, if any.

R.17.5 The award of the degree must be recommended by the Senate and approved by the Board.

R.18.0 Credit Requirement

The following table describes the credit requirement and Minimum CGPA needed for graduation.

Sl. No.	Course Description	Credit Requirement			Period
		B.Tech	B.Tech(Hon)	B.Tech-MS	
1	Institute Core courses	53-57	53-57	53-57	Semester I to IV
2	Programme Core Courses	62-66	62-66	62-66	Semester III to VII
3	Programme Electives	15-18	15-18	15-18	Semester V to VII
4	Open Electives	8-14	8-14	8-14	Semester V to VII
10	B.Tech Projects	12	12	12	Semester VII to VIII
11	Honours Project	–	12	12	Semester VI to VIII
12	Research Courses	–	8	16	Semester VI to VIII
13	Research Project	–	–	24	Semester IX to X
Total Credits		160	180	212	
CGPA		5.5	8.0	8.0	

Issuing Authority

R.19.0 Conduct and Discipline

Code of Conduct, Disciplinary Policies and Procedures, and the Pledge of the Indian Institute of Information Technology Kottayam (IIIT Kottayam) are given in Annexure R.19.A. Library and Hostel Regulations are given in Annexure R.19.B.

R.20.0 Power to Modify

R.20.1 In exceptional cases, the Director, as Senate Chairman, may at his/her discretion override any of the above provisions.

R.20.2 Notwithstanding all that has been stated above, the Academic Advisory Committee / Senate has the right to modify any of the above regulations from time to time.

ANNEXURE R.19.A

A.1 Code of Conduct

Disciplinary policies of the Indian Institute of Information Technology Kottayam (IIIT Kottayam) are put in place to ensure a secure, academically enriching environment for all members of the community and to promote civility on campus. Students of IIIT Kottayam are expected to show personal integrity, respect for Institute resources, and respect for others' rights, values of scholarship and teaching. Students are expected to adhere to the Institute rules and regulations. Any violation will be handled according to the rules set forth by the Senate and Board of Governors of IIIT Kottayam. The administrators of the Institute will notify parents / guardians if a student violates the Code of Conduct. Any of the following shall constitute a violation of the Code of Conduct for students and makes the student liable to disciplinary action by the Institute.

- Lack of courtesy and disorderly conduct or disruptive acts (within or outside Institute premises).
- Any act that compromises the safety / security of individuals or Institutional facilities.
- Wilful damage or unauthorized removal of Institute property.
- Unauthorized access to institutional facilities / records.
- Tampering of data / records (reading, copying or destroying).
- Any act of fraud / misrepresentation / dishonesty.
- Misappropriation of any belongings of fellow students / staff / faculty.
- Adoption of unfair means during examinations or misconduct in research.
- Infringement of personal privacy.
- Ragging in any form.
- Caste / religion / ethnicity / gender / physical disability based discriminatory behaviour / remarks.
- Sexual harassment / assault.
- Possession of banned substances or dangerous items (illegal drugs, weapons, firearms, etc.) that endanger the safety of the student himself / herself or others.
- Any act that affects the reputation / orderly conduct of the Institute.

A.2 The Disciplinary Procedure

- The Discipline and Welfare Committee (DWC) of the Institute is constituted under the chairmanship of a faculty member by the Director. Depending on the issues of allegations involved, the Chairman of the DWC may invite additional members, for example the Coordinator of a Programme, the student's faculty adviser / research supervisor, or the Deputy Registrar (Academics & Administration) in case of academic related issues, to facilitate the investigation.

- DWC will investigate the allegations of misdemeanours or violation of the Code of Conduct without bias. The DWC will subsequently submit a fact-finding report and recommend disciplinary action(s), if any, to the Dean, Student Affairs. Complaints related to caste / religion / ethnicity / gender-specific discrimination and sexual harassment will be investigated by an appropriate committee of the Institute and will report directly to the Director.
- While hearing the disposition of the accused student(s) and witnesses, the Chairman, DWC, may invite two senior student observers (with one woman and / or SC-ST observer if the accused student(s) belong to the same community), from the B.Tech.-MS (5th Yr) and PhD programmes respectively, to be present with the DWC.
- The student observers are to be invited by the Chairman, DWC, in consultation with the Dean, Student Affairs, from a list of nominees forwarded by the Schools. The list of nominees is valid for a year.
- The student observers shall withdraw at the conclusion of the above and may submit their remarks (if any) in writing to the Chairman, DWC, for consideration.
- The Chairman, DWC, shall keep records of the entire proceedings of the meetings.
- All disciplinary actions shall be notified in writing to the concerned students and their parents / guardians by the Office of the Registrar.
- A student who feels aggrieved with the disciplinary action may appeal to the Director. The appeal has to be filed within a period of one month from the date of intimation of the disciplinary action, stating clearly the case and explaining his / her position and reason(s) for reconsideration of the decision.

A.3 Disciplinary Actions

- Violation of the Code of Conduct shall invite disciplinary action, which may include penalties such as reprimand, fine, suspension / expulsion from the hostel, debarring from examinations, withdrawing / withholding of scholarship / fellowship / benefits or access to Institute facilities, withholding of grades and / or degrees, revoking of awarded degrees, suspension for a certain period or even permanent expulsion from the Institute.
- The Senate may withhold recommendation of a student, who is found guilty of a major offence, to the Board of Governors for the award of a degree, even if the student has satisfactorily completed all the academic requirements.
- Lack of knowledge of the rules and regulations is not admissible as an excuse or defence for misconduct / dishonesty, and shall not be a basis for leniency.

A.4 Disciplinary Action for Malpractices in Research

- Students involved in conducting research at IIIT Kottayam are expected to maintain the highest

standards of integrity. Any form of unscrupulous conduct will be investigated by competent authorities and could warrant a variety of disciplinary actions, in severe cases cancellation of B.Tech. / B.Tech.(Hon) / B.Tech.-MS registration or even cancellation of an awarded degree at any time.

- Research misconduct can take place in many forms, including deliberate interference with the integrity of the work of others, plagiarism, falsification of data, and fabrication of data. In particular, students are expected to observe the practice of acknowledging the source(s) of information reproduced in their thesis, reports, publications, or seminars.
- Plagiarism includes, without citation, the appropriation of another individual('s) text, results, or ideas.
- Falsification includes actions such as not accurately representing research records or results, or manipulating reagents or equipment settings, to produce a preconceived outcome.
- Fabrication includes making up data and recording them.

A.5 Code of Conduct in the Examination Hall to be Followed by the Students

All students shall read and understand the code of conduct and strictly adhere to it. Unawareness of these rules will not stop any punishment against malpractices.

All students are hereby informed that the Institute follows a zero-tolerance policy against examination malpractice and any malpractice attempt from the student(s) will lead to severe punishments that include, but are not limited to:

- Awarding an F grade for the selected subjects in the examination, with or without giving a chance of repeat examination.
- Awarding an F grade for the selected subjects in the examination and being awarded one grade less for all the other theory courses registered in the semester.
- Awarding an F grade for all theory subjects in the examination in that semester, with or without giving a chance of repeat examination.
- De-registration of all the courses enrolled in the current semester.
- Debarring from examinations for a specific duration like 2 or more semesters.
- Debarring from campus placement activities.
- Termination from the Institute.

Any combination of the above punishments may also be applied depending on the gravity of the offense.

The following instructions are to be meticulously followed by all the students in the exam hall:

1. The students must occupy their seats in the examination hall at least 15 minutes before the examination starts. Entry to the examination hall will not be permitted 15 minutes after the start of the examination.

2. The seating arrangements made by the Institute must be strictly followed by students as they are not allowed to make any changes. The students should be seated in accordance with their assigned roll numbers that are displayed in the hall.
3. As per the Institute policy, you must wear the ID Card when you are on the campus and hence in the exam halls. If by chance a student loses the Institute ID card, they must apply for a new one. Until they receive the new ID card, they are required to obtain a duplicate I-card from the IT Support Team (BB217) by paying the prescribed fee. No extra time will be granted if you misplace your ID card and lose time collecting a duplicate (as per the above-mentioned procedure) during the examination. (Digital copies of the ID card on mobile or gadgets are not valid.)
4. Students are not permitted to bring any bag, pouch, or loose or written or blank sheets other than those permitted by the course faculty to the examination hall. Any code books / data hand-books / other hand-outs carried by the students shall be duly attested / endorsed by the course faculty. Any additional scribing in such materials with pen or pencil will be treated as exam malpractice and is punishable. Possession or use of chits (including blank paper), notes, books, sheets, or any information related to their course / study, in any form including writing answers / tips / formulae / equations / algorithms / figures / sketches / block diagrams / data, etc., on the student's body or clothing or other wear, walls, furniture, or keeping or leaving such material at the examination venue or other surrounding areas (like toilets, windows, veranda, etc.), are considered as malpractice and attract punishment, even if they are not using the above during the exam. It will be the responsibility of the concerned students to keep their things / belongings which are not permitted inside the exam hall, including mobile phones / other electronic gadgets / laptops / tabs, etc., safe outside the examination hall. The Institute / Invigilators will not be responsible for any loss / damage in this regard.
5. Mobile phones / laptops / tabs / smart watches / Bluetooth devices / similar electronic gadgets or other transmitting or receiving devices, or other means of communication, or any other electronic device, or any AI-based tools are strictly banned in examination halls. Carrying such devices to the exam hall or nearby areas, or leaving such devices in the exam hall or nearby areas, and / or possession of non-permissible or unwanted materials (materials not required in the exam hall) will be treated as a serious case of exam malpractice, even if they are not using the above during the exam. Scientific calculators (non-programmable, without internet enabled) are allowed only if permitted by the faculty instructor. No exchange of calculators is allowed. Attempting to access the internet in any manner is strictly prohibited and will be considered as exam malpractice, if noticed. Use of a mobile phone as a calculator or clock is not allowed inside the examination hall.
6. A bio-break shall be availed once only if very essential and necessary. The time of exit and entry for a bio-break during examination shall be recorded in the form available with the invigilator. Any misuse of a bio-break will be treated as an attempt at examination malpractice and is punishable. Students are strongly suggested to attend the call of nature before sitting for the examination to avoid going to washrooms / toilets during the examination.

7. Immediately after the Main Answer Booklets are issued to the students, they should fill in the relevant fields on the front sheet. The ID card shall be made available to the Invigilator for verifying the filled data.
8. Students shall ensure that the invigilator signs the main answer book after verification. Also, all additional sheets are to be signed by the invigilator. Any answer books submitted without the signatures of the invigilator will be treated as invalid.
9. Students should mark their attendance in the relevant form provided by the invigilator.
10. Immediately after the question papers are issued to the students, the students should write their name and Roll No. on the question paper. It is also instructed that no other pen / pencil markings are to be made by the student on the question paper. Any such actions will be treated as an attempt at malpractice.
11. Students have to ensure that the Sl. No. of the answer booklet and the Roll No. of the student are duly entered on each of the Additional Sheets, by the student, as soon as the same is issued to the student.
12. Any attempt by a student to discuss with fellow students or copy from fellow students will be treated as exam malpractice and action will be taken against all the students involved.
13. Any attempt by a student to help another fellow student to copy will also be treated as exam malpractice and action will be taken against both the students. During the examination, possession of unauthorized materials, exchange of materials / answer sheets / question papers, improper use of materials, misconduct, cheating, adoption of unfair means, and unauthorized removal of material from examination halls, or ignoring instructions given by invigilators, will automatically lead to disciplinary action against the students involved.
14. Threatening / requesting the neighbour or any other to show the answer script or to tell the answer / give a hint will be treated as exam malpractice.
15. Misbehaviour or disobedience in the examination hall (unruly conduct, misbehaviour with invigilator, TA, any staff, or any student) will also be treated as exam malpractice.
16. Students are not allowed to enter the examination hall after half an hour from the start of the examination. Students are not to be allowed to exit the examination hall within the first 45 minutes from the start of the examination.
17. The last 5 or 10 minutes during the examination shall be used for properly tying the answer sheets and then verification. When the invigilator instructs to stop writing at the closure of the examination, all students shall stop writing and hand over the answer sheet to the invigilator. Unused additional sheets should be duly returned to the invigilators.
18. Impersonation in the examination (for both the students) will also be treated as exam malpractice and will be a very serious offense.
19. During or after the distribution of answer sheets by the course faculty, students shall not attempt

to correct the wrong answers, manipulate the marks awarded, or scribe additional answers in the answer books. Any such acts of academic dishonesty will also be treated as examination malpractice.

20. Any other case not mentioned above and reported as malpractice by invigilators or any official invigilation squad visiting the exam hall.
21. If any malpractice is found during the examination, the invigilator will ask the student(s) to stop writing the answer sheets. He/she will collect all the exhibits/evidence. The nature of malpractice observed will be written in the answer sheet and signed by the invigilator with date & time. The student may be allowed to continue to write the examination by the officials of the Institute, which does not mean no action/punishment on malpractice.
22. Punishment will be as recommended by the Department level committee for malpractice or the Institute level committee for malpractice, and will be decided and implemented by the Institute. The decision of the Chairman, Senate, will be final and binding in all aspects.

A.6 Honour Pledge

The student must sign and submit to the Institute the following Honour Pledge at the time of registration in the Odd semester. The pledge must be counter-signed by the parent / guardian.

IIIT KOTTAYAM STUDENT HONOUR PLEDGE

- I promise, on my honour, that I will conduct myself in the Institute and outside, with decorum and decency befitting the high moral and ethical standards expected of the members of the National Institute, IIIT KOTTAYAM, and follow its Code of Conduct, Rules and Regulations.
- I will not engage in ragging. I understand that ragging is unlawful and liable to prosecution by law enforcement authorities of the State, besides any disciplinary action the Institute may take, which may include dismissal from the Institute.
- I will not engage in overt / covert sexual harassment.
- I will not resort to any dishonest practice in examinations / assignments.
- I will not engage in plagiarism in my writings and will acknowledge the work of other authors according to international practices.
- I will follow the Library and Hostel regulations of the Institute.
- I understand that violation of this pledge makes me liable to disciplinary action by the Institute.

Sd/-
Student

Sd/-
Parent / Guardian

The student and their parent / guardian should also sign, at the time of admission, the prescribed anti-ragging forms (visit <http://iiitkottayam.ac.in/#!/antiragging>) as per the stipulation of the MHRD,

Govt. of India.

ANNEXURE R.19.B

Library and Hostel Regulations

B.1 Library Regulations

1. Library Hours:
 - (a) Monday to Friday: 9 AM to 7.30 PM. Saturday: 9 AM to 5 PM. Sunday and Holidays: Closed.
 - (b) During Exam Week: 9 AM to 10 PM.
 - (c) Circulation Timing: Monday to Friday: 9.15 AM to 5.15 PM. Saturday: 9 AM to 12 Noon.
2. Membership: All registered students are eligible for membership in the Institute library.
3. Students can borrow a maximum of 4 books at a time for 2 weeks, provided they do not have any overdue book. (Note: Some books may have a shorter loan period depending on the demand.)
4. Users must leave their bags and other belongings outside the Library. Only notebooks and papers are allowed inside the library. Borrowed books are allowed to be taken to the library for return / renewal only. All items taken out of the library (including personal items, if any) are to be produced for verification by the check-point staff engaged in front of the library.
5. Students must carry their identity cards inside the library and it must be produced whenever asked for. The identity card is mandatory for borrowing books from the Library.
6. Strict silence has to be maintained by all users in the library.
7. Use of mobile phones, and consumption of food and drinks, are strictly prohibited inside the library.
8. Use of the user PC kept inside the library is allowed only for accessing the library catalogue, e-journals, e-books and academic databases.
9. Return of a book is mandatory before the due date. A fine amount (as decided by the competent authority) per day per book for the first week will be charged. Renewal of a book is possible only if there is no pending reservation against it. A book may be recalled any time before the due date, if it is urgently required by another member. A late fee amount (as decided by the competent authority) day per book will be imposed for non-compliance with the requirement.
10. Any book, including reference books, can be borrowed for overnight reference at the closing time of the library and is to be returned at 9 AM on the next working day. Only one book can be borrowed for overnight reference. A late fee of Rs. 50/- per day per book for the delayed return of such a book will be charged.
11. Mutilation of books in any form (e.g., underlining, writing on pages, tearing off pages, damaging the binding, etc.) will lead to a heavy fine or even replacement of the book. Before borrowing a book, users should ensure the condition of the book and bring to the notice of the library staff if

any mutilation is found.

12. Members who lose / mutilate library books are liable to replace them with the latest edition, along with a penalty of 20% of the total cost of the book. All such replaced books must be of the latest edition. If the book is part of a set or series, they may be called upon to replace the whole set or series. In case the lost book is untraceable in the market or out of print, the Library Committee reserves the right to decide an appropriate penalty.
13. Students must return all the books they borrowed before they go for vacation.
14. Users should obey the Library Rules and Regulations. Violation of rules and any act of misbehaviour will be brought to the notice of the Library Committee Chair, and will lead to strong disciplinary action.

B.2 Rules and Regulations of Halls of Residence

1. Movement and Presence on Campus.

- 1.1 Students are expected to remain within the Institute premises or in the hostel throughout the duration of the semester.
- 1.2 Leaving the Institute campus during academic hours is strictly prohibited, unless prior permission has been granted by the concerned authority.

2. Night Return and Departure Timings. All students are strictly prohibited from roaming the campus after 9:30 PM. After this time, students must either return to their respective hostels or remain inside their designated classrooms for study purposes only, up until 10:30 PM. All students must return to their respective hostels by 11:00 PM. Students CANNOT leave the hostels after 11:00 PM. Parents of defaulters shall be contacted, and the local police may be informed in case such activities occur without prior permission of the Warden.

3. Leave and Absence from Campus.

- 3.1 Students must obtain permission through the Flee Outpass portal (<https://outpass.iiitkottayam.ac.in/>) or the Biometric Outpass system (<https://gatepassstud.iiitkottayam.ac.in/>) before leaving campus during weekends or non-academic hours, provided the duration of absence does not exceed one day.
- 3.2 For any absence involving an overnight stay outside the campus, students are required to submit a leave form (obtainable from the Academic Office / Hostel Office), approved by their Faculty Advisor and the concerned hostel Warden / Assistant Wardens.
- 3.3 Students going for an internship must submit the leave form duly approved by their Faculty Advisor and the Warden.

4. Permanent Address and Contact Details. Permanent address, including phone numbers (both land / mobile) of parent(s) / guardian(s), must be given to the Warden / IIIT Office. The address must be updated whenever there is a change due to shifting or change of phone number,

etc.

5. **Interchange of Rooms / Hostels.** Students are not allowed to interchange rooms / hostels without obtaining the approval of the Warden / Chief Warden / Associate Dean (Hostel Affairs).
6. **Responsibility for Damage to Property.** The resident(s) of a room are responsible for any damage to the property in the room during their occupancy and are liable to pay for the damage.
7. **Vacation Stay.** All students must vacate the hostel during vacation time. If any student wishes to stay back during the vacation, special permission must be obtained from the competent authority in advance. An additional mess fee and hostel fee will be levied based on the duration of the extended stay.
8. **Noise Prohibition.** Any kind of loud noise in the rooms, corridors, or premises of the hostel, especially during the night, is prohibited.
9. **Cleanliness and Personal Belongings.** Students are required to take care of their personal belongings, keep their respective rooms clean, and maintain tidy hostel premises. Waste shall not be thrown outside. Plastic bottles / waste must be dropped in designated waste bins.
10. **Care of Hostel Property.** Students are required to take utmost care of the hostel furniture, TV, washing machines, building structure, electrical fittings, etc.
11. **Unidentified Damage.** In case of damage to any part of the hostel buildings, furniture, apparatus, or other property of the Institute caused by inmates of the hostel, the loss shall be recovered from the persons identified as responsible. However, if the persons causing damage cannot be identified, the cost of repairing the same may be assessed and levied equally amongst all inmates of the hostel or the group found responsible.
12. **Defacement and Vandalism.**
 - 12.1 Students shall not paste posters or pictures, scribble on walls, or vandalize doors, windows, shelves, or any other hostel property. A fine proportionate to the damage caused will be levied by the Warden or other competent authority.
 - 12.2 If any such damage or defacement is found during the first entry into the allotted room, the student must immediately report it in writing to the respective Assistant Warden or Warden.
 - 12.3 Failure to do so may result in the student being held responsible for the damage.
13. **Prohibition of Intoxicants and Banned Substances.**
 - 13.1 The use, possession, or consumption of drugs, alcoholic beverages, tobacco products, or any intoxicating substances is strictly prohibited within the hostel premises. Smoking is also not permitted under any circumstances.
 - 13.2 Bringing or storing items that are banned under State or Central Government laws — including but not limited to explosives, narcotics, and other controlled substances — into the Hostel or Institute premises is a serious offense.

- 13.3 The guidelines and directives issued by the Institute's Anti-Narcotics Cell / Club and / or the local administration shall be binding on all students.
- 13.4 Violation of these regulations will attract severe disciplinary action, which may include expulsion from the hostel, rustication from the Institute, or other penalties as deemed appropriate by the authorities.
14. **Conduct with Others.** Students should strictly avoid arguments with fellow inmates, locals, security officers, or matrons of the hostel.
15. **Cooking and Electrical Appliances.** Cooking inside the rooms is strictly prohibited. Students are not permitted to use heaters, electric irons, or similar appliances of any kind consuming electricity in the rooms. Close water taps after use.
16. **Guests.** Guests are strictly prohibited from entering hostel rooms. Visiting hours are permitted only until 7:00 PM, and all guest meetings shall be restricted to the designated area at the main entrance, adjacent to the security guard's post. No guest shall be permitted beyond this point under any circumstances.
17. **Emergency Contact.** In case of any emergency (illness, accidents, etc.), contact the concerned Warden.
18. **Electrical Safety and Fines.** Please switch off all electrical equipment after use. If found otherwise, a fine will be levied, including recovery of the cost of electrical equipment / fittings / appliances, etc.
19. **Loss of Personal Belongings.** Please take care of your personal belongings. Institute / hostel authorities / wardens are not responsible for any loss, damage, or theft of any such items kept by inmates.
20. **Furniture Movement.** The resident shall not move any furniture / appliance from its proper allotted place.
21. **Outdoor Games and Celebrations.**
- 21.1 Students are strictly prohibited from playing outdoor games such as cricket, football, volleyball, badminton, etc., in the corridors, balconies, wings, or any other common areas within the hostel premises, as these activities may cause damage to property or disturb fellow residents.
- 21.2 Birthday celebrations are permitted only in the designated open area adjacent to the hostel and must be conducted in the presence of the hostel security in-charge. If Institute property such as chairs or tables is used for the celebration, it must be returned promptly in good condition after the event.
- 21.3 All such celebrations must conclude by 12:00–12:30 AM, beyond which no further activity will be permitted.
- 21.4 Beating or any type of physical assault as part of birthday celebrations is strictly prohibited.
22. **Maintenance Works.** Students should cooperate while maintenance works are carried out and

vacate their rooms completely when the maintenance section requires the rooms for this purpose. On such occasions, students shall be provided alternate accommodation.

23. Vacating Procedure.

23.1 Students going on vacation or leave are required to remove their belongings from the room and place them in the common storeroom assigned for this purpose with proper marking. They must hand over the room key to the security personnel or caretaker staff after making the necessary entry in the register.

23.2 Students must also clear all dues and obtain a No-Dues Certificate in order to vacate the hostel during vacation.

24. Loss of Keys / Lock. Cost of the lock must be paid for losing room keys or lock.

25. Safety and Security. For safety and security, students are strictly advised not to climb rocks / mountains or go into forest areas, bushes, or nearby private properties.

26. Anti-Ragging Regulations. The Institute's anti-ragging regulations must be strictly followed in the hostels as well.

27. In / Out Register. Students must record their entry and exit in the In / Out Register maintained at the caretaker's desk of their respective hostel. Any instance of forgery or signing on behalf of others will be treated as a strict violation. All students must sign / give biometric attendance between 9:00 PM and 11:00 PM in the hostel In / Out register.

28. Knowledge of Rules. Every student must familiarize themselves with all hostel rules and regulations and adhere to them strictly. Ignorance of the rules will not be accepted as an excuse.

29. Grievance Redressal. It is the responsibility of hostel inmates to keep their rooms tidy. Any sort of grievance or complaint shall be recorded in the complaint register available at the desk of the security in-charge. If appropriate remedial action is not taken within three working days, the student may escalate the complaint to their corresponding Assistant Warden or Warden.

30. Hostel Timings. Outpass / Gate in: 9:00 PM; Move to hostel from academic / hostel premises: 9:30 PM; Move to hostel from classrooms: 10:30 PM; Hostel main door closes: 11:00 PM.

31. Vehicle Timing for Off-Campus Students. Off-campus students must travel to and from the Institute strictly according to the trip schedule. Any violation may lead to overcrowding in subsequent trips and will not be permitted.

32. Online Food Deliveries. All online food deliveries must be recorded in the register at the hostel security desk.

33. Indoor Games. Indoor games are strictly prohibited after 9:30 PM.

34. Visiting Other Hostels. Students are strictly prohibited from visiting other hostels.

35. Silence Hours. Silence hours will be observed from 11 PM to 6:00 AM on all days. No noise of any sort will be permitted. Residents shall not go to others' rooms and disturb the inmates.

Complaints from other residents will be investigated, and action will be taken accordingly.

36. **Pets and Stray Animals.** Pets of all kinds are prohibited inside the hostel. Feeding stray dogs or cats in the hostel / Institute premises is not permitted.

**VIOLATION OF ANY OF THE ABOVE RULES SHALL MAKE THE STUDENT
LIABLE TO APPROPRIATE DISCIPLINARY ACTION BY THE INSTITUTE.**
