

ABOUT THE INSTITUTE

Indian Institute of Information Technology Kottayam (IIIT Kottayam) was established in the year 2015 as one among the IIITs established under the administrative control of the Government of India and later declared as an “Institution of National Importance” by an Act of Parliament enacted in 2017. IIIT Kottayam imparts top-notch technological education at undergraduate, post graduate and doctoral levels. Under graduate and post graduate programmes in Computer Science and Engineering, Electronics and Communication Engineering, AI & DS and Cyber Security, are available at institute. IIITK features a cutting-edge campus with modern amenities. visit our institute at <https://www.iiitkottayam.ac.in>

ABOUT THE DEPARTMENT

Department of Computer Science and Engineering offers several specializations for undergraduate students and post graduate working professionals. The programme is designed to build a strong foundation in Computer Science and Engineering. The programme has a blend of Core computer Science courses and elective courses which includes electronics, mathematics, Cyber security, humanities and management. The BTech CSE programme starts with the computation oriented courses and the initial four semesters are focused on creating a strong Computer Science foundation which enables the student to harness the required engineering skills for problem solving using computer science.

ABOUT THE CEDM RESEARCH GROUP

Computational Engineering and Data Modeling (CEDM) is a research group focusing on computational modeling of real life data problems. The group explores computational modeling and engineering solutions for problems from diverse areas such as Biology, Linguistics, Sociology, Culture, Computer Vision and Pattern recognition. The computational modeling will help to simulate many complex processes and help to understand them better. The group also has keen interest in mathematical modeling and theoretical perspectives of machine learning.

Visit our research group at <http://cedm.iiitkottayam.ac.in/home.php>

ABOUT THE WORKSHOP

This workshop focuses on advanced computer vision concepts with introduction of relevant tools and hand-on sessions. The topics covered in this session will include image & video analysis along with its applications in the real world. Our skilled resource persons will walk you through the complexities of these topics, giving you a thorough overview of the most recent advances in the world of computer vision .

**Department of
Computer Science
and Engineering**

**Computational Engineering and Data
Modeling (CEDM) Research Group**

Presents

**ONE-WEEK FDP-AND-WORKSHOP ON
ADVANCED COMPUTER VISION
FOR IMAGE & VIDEO ANALYSIS
AND APPLICATIONS**

**17th June 2024
to
21st June 2024**

FEE PAYMENT

Payment link:

<https://www.onlinesbi.com/sbicollect/icollecthome.htm>

Steps for payment:

- Select “Educational Institutions”
- Search for Payee “IIIT Kottayam” and click on it
- Payment Category – Select “**Advanced Computer Vision**”
- Enter the details and make payment
- Download receipt as PDF

REGISTRATION FEE

Student UG/PG : Rs. 1000/-

Research scholar/Faculty : Rs. 1500/-

Industry personnel : Rs. 2000/-

Last date for registration : 10 June 2024

Shared accommodation at institute will be provided on payment basis

Registration link:

CONTENTS OF THE WORKSHOP

- Introduction to computer vision
- Feature Extraction and Description
- Image Classification using CNN
- Object Detection using OpenCV and TensorFlow
- Advanced Topics in Computer Vision: Image Segmentation, Image Registration, Depth Estimation
- Video Analysis: Introduction to Video Analysis, Video Preprocessing, Object tracking
- Video Analysis: Video summarization, Explainable algorithms in image and video
- Computer Vision in Agriculture
- Computer Vision for HCI
- Generative Adversarial Network (GAN) in Computer Vision

PATRONS

Prof. Rajiv Dharaskar, Director
Dr. M Radhakrishnan, Registrar
Prof. P Mohanan, PIC Academics

PROGRAM CONVENER

Dr. Jayakrushna Sahoo
Head of the Department
Dept. of Computer Science and Engineering
IIIT Kottayam

WORKSHOP COORDINATORS

Dr. Sivaiah Bellamkonda
Assistant Professor
Dept. of Computer Science and Engineering
IIIT Kottayam

Dr. Dhakshayani J
Assistant Professor
Dept. of Computer Science and Engineering
IIIT Kottayam
