

PATRONS

- Prof. Rajiv V. Dharaskar
Director, IIIT Kottayam.
- Dr. M. Radhakrishnan
Registrar, IIIT Kottayam.
- Prof. P. Mohanan
Prof.-in-charge Academics,
IIIT Kottayam.

PROGRAMME COORDINATORS

- Dr. Rubell Marion Lincy G,
Assistant Professor and Head of
FinAIQu Research, IIIT Kottayam
- Dr. Suchithra M S
Assistant Professor
Dept. of CSE, IIIT Kottayam

RESOURCE PERSONS

- Mr. Deb Singdeo and a Team from
MathWorks
- Dr. Viswanath Gopalakrishnan,
Assistant Professor, IIIT Bangalore
- Dr. Deepak Padmanabhan,
Associate Professor, Queen's
University, Belfast, UK
- Mr. Abhinav Kohar, Head of
Artificial Intelligence Hub -
Americas, SLB Solutions, Texas,
Unites States
- Expert faculties from IIIT Kottayam

IMPORTANT DATES

Last date for Payment and
Registration:
28th June 2023

Intimation to participants:
30th June 2023

JOINT CERTIFICATION COURSE ON

AI

*with specialization in
Reinforcement Learning*

03 JULY 2023 -14 JULY 2023
(PHYSICAL MODE)

**ORGANIZED BY
DEPT. OF COMPUTER SCIENCE
AND ENGINEERING
JOINTLY WITH
FINAIQU RESEARCH**

www.iiitkottayam.ac.in

ABOUT COURSE

Reinforcement Learning (RL) is a subfield of Machine Learning that offers a general-purpose framework for automated decision-making and AI. The RL certification program provides a comprehensive introduction to RL techniques, including stochastic learning, dynamic programming, and practical applications using MATLAB and Python. By completing this course, you will gain the skills to utilize RL for solving real-world problems.

FOOD AND ACCOMMODATION

Food (breakfast and dinner) and accommodation on a payment basis upon request.

COURSE FEE DETAILS

Course Fee: INR 6,000 (including Working Lunch and High Tea)

REGISTRATION

Participants interested to attend this program should register online using the following link:

<https://tinyurl.com/3f5zsuhw>

ELIGIBILITY CRITERIA

Diploma/Graduate/Post Graduate/ Research Scholars/ Faculties from Institutes/ Universities and Industry persons

PAYMENT

The participants are required to pay the registration fee only through SBI collect with the below-mentioned steps. Visit:

<https://www.onlinesbi.sbi/sbicollect/icollecthome.htm>

Steps for payment

- Choose the category as Educational Institutions.
- Choose payee as IIIT Kottayam.
- Choose the payment category as "AIRL course".

COURSE CONTENT

- Mathematical Foundation for Artificial Intelligence (AI)
- Python Programming for AI
- Artificial Neural Networks and Applications
- Introduction to Reinforcement Learning (RL)
- Markov Decision Processes and Reward Formulation
- Jupyter Notebook based hands-on Value Iteration and Policy Iteration
- Model Free Methods - Monte Carlo Methods and Temporal Difference Methods
- Jupyter notebook based hands-on Q-Learning, SARSA
- Deep Reinforcement Learning and DQNs.
- Introduction to Policy Gradients
- Basic Component on MATLAB
- Programming using MATLAB for AI
- RL with MATLAB/Simulink
- MATLAB Toolboxes related to RL
- Building Environment Simulations with Simulink
- Training Reinforcement Learning Agents
- Using DDPG Agents for Robotics Applications
- Comparing Reinforcement Learning to Optimization-based Controls Approaches
- Classical Controls versus Reinforcement Learning
- Social implications of AI/RL (Chat GPT, Robotics etc)
- Applications and Research Problems in RL and Deep RL
