

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, KOTTAYAM

(Institute of National Importance, Under Ministry of Education, Govt. of India)

AICTE TRAINING AND LEARNING ACADEMY (ATAL)

**SPONSORED
FACULTY DEVELOPMENT PROGRAM**

On
DATA SCIENCE

(ONLINE MODE)

JULY 28th – AUGUST 1st, 2021

Campus

ABOUT THE INSTITUTE

Indian Institute of Information Technology, Kottayam is located at Valavoor hills, Pala, Kerala. It is one among the IIITs that have been established as "Institutions of National Importance" by the Ministry of Education, Govt. of India under the ambit of IIIT (PPP) Act 2017. IIIT Kottayam Main Campus is situated at Valavoor, Pala, Kottayam - a pictorial location, spreading over 53 acres of land - allotted by Govt. of Kerala in the southern part of the state commonly referred to as 'God's Own Country'. The institute offers 4 year B.Tech, B.Tech (Hons), M.Tech and Ph.D programs with specialized courses covering all major research domains of Computer Science and Engineering, viz Data Science, Cloud Computing, Artificial Intelligence, Machine Learning, Parallel Computing, HPC, Programming Languages, Bioinformatics and so forth. The Institute also offers a 4-year B.Tech, B.Tech (Hons.) and Ph.D programs in Electronics and Communication Engineering with specialized courses covering all major research domains viz, Signal Processing, Communication, Networking, VLSI design, Embedded Systems, Computer Vision, and Applied electromagnetics. IIIT Kottayam is the leading institute in data science research and inspiring the young minds of the nation towards the next era of computing.

ABOUT THE FDP

Data science is one of the most promising and in-demand career paths for the skilled professionals in all fields of Engineering. It is an interdisciplinary field evolved from statistics, data mining and machine learning that uses scientific methods, processes, algorithms and systems to extract the knowledge and insights from structured and unstructured data. Mastering data science needs a strong quantitative background in statistics and programming knowledge with a key focus in data mining and modelling to build and analyse algorithms. Data science is one of the hot research domains accompanied by real industry problems. Professionals should understand the systematic procedure to collect and explore the data, visualize and identify the trends in data, develop and apply suitable algorithms to build models for real world applications from biology to aviation. Hence, it is the need of the hour to disseminate the knowledge of data science for the professionals across the country. This faculty development program on 'Data Science' is designed to offer the major takeaways in the data science field with real simulations using Python. The resource persons of the FDP are leading experts in the respective domains.

SESSION	TOPIC	RESOURCE PERSON
28-07-2021 (Wednesday)		
9:00 AM – 9:30 AM	Inauguration	
9:30 AM – 11:00 AM	Introduction to Data Science	Dr. Ebin Deni Raj
11:30 AM – 1:00 PM	Descriptive statistics for Data Science	Dr. T. Bakkyaraj
2:00 PM – 3:30 PM	Data Science for Drone Industry	Dr. J. Bruce Ralphin Rose
29-07-2021 (Thursday)		
9:30 AM – 11:00 AM	Inferential statistics for Data Science	Dr. T. Bakkyaraj
11:30 AM – 1:00 PM	Data analysis using pandas	Dr. Jayakrushna Sahoo
2:00 PM – 3:30 PM	Feature Engineering Techniques in Machine Learning	Dr Dilwar Hussain Mazumder
30-07-2021 (Friday)		
9:30 AM – 11:00 AM	Time series analysis and prediction using python	Dr. Jayakrushna Sahoo
11:30 AM – 1:00 PM	Data classification algorithms in machine learning- Part 1	Dr. Nagaraju Baydeti
2:00 PM – 3:30 PM	Coping with COVID 19- Pyscological perspectives of stress	Mr. George V Joy
31-07-2021 (Saturday)		
9:30 AM – 11:00 AM	Data classification algorithms in machine learning- Part 2	Dr. Nagaraju Baydeti
11:30 AM – 1:00 PM	Data clustering algorithms in machine learning	Dr Dilwar Hussain Mazumder
2:00 PM – 3:30 PM	Linear and logistic regression model building	Dr. J.V. Bibal Benifa
01-08-2021 (Sunday)		
9:30 AM – 11:00 AM	Big Data Analytics using Spark & Scala	Dr. K. Saravanan
11:30 AM – 1:00 PM	Object detection using deep learning techniques	Mr. Arunjit Chowdhury
2:00 PM – 3:30 PM	ONLINE TEST AND VALEDICTORY SESSIONS	

WHO CAN ATTEND?

The faculty members of the AICTE approved institutions, Research scholars, PG Scholars, participants from Government, Industry (Bureaucrats/Technicians/Participants from Industry etc.)/School Teachers and staff of host institutions.

***Registration is FREE for all.**

HOW TO APPLY?

Interested participants please login to ATAL academy website <https://atalacademy.aicte-india.org/login> and register themselves for this course.

Maximum number of participants: 200 (As per the directions from AICTE preference will be given to the candidates who has applied less number of ATAL FDP'S)

Closing of registration: Registration will be closed once the required numbers of candidates have registered. So interested participants, please may register at the earliest.

Intimation to selected candidates: 20/07/2021

CERTIFICATE

The digital certificates shall be issued by the ATAL academy to the participants who have attended the program with minimum 80% attendance and scored minimum 60% marks in the test conducted at the end of the online FDP.

ADVISORY COMMITTEE

CHIEF PATRON:

Dr. Rajiv V. Dharaskar, Director, IIIT- Kottayam

PATRON:

Dr. M. Radhakrishnan, Registrar, IIIT-Kottayam

CO-PATRON:

Dr. P. Mohanan, Professor In-charge (Academics), IIIT-Kottayam

FDP CO-ORDINATOR

Dr. J. V. Bibal Benifa

Assistant Professor, IIIT- Kottayam
