

About the Institute

About the Department

Dept. of Electronics and Communication Engineering offers four year B.Tech and BTech (Hons) program in Electronics and Communication Engineering. Department also offers PhD Program in broad research areas including VLSI and Embedded Systems, Signal Processing, Computer architecture, Deep Learning architecture, SOC Design etc. Dept. of CSE offers B.Tech in Computer Science and Engineering and MTech programs in AI & Data Science and Cyber Security, for working professionals. PhD programs are also offered in CSE and Mathematics.

Patrons

Prof. (Dr.) Rajiv V. Dharaskar
Director, IIIT Kottayam.

Dr. M.Radhakrishnan
Registrar, IIIT Kottayam.

Prof. (Dr.) P. Mohanan
Prof. In-Charge (Academics)
IIIT Kottayam.

QUANTUM COMPUTING

5-Day Faculty Development Programme (Online)

12-16 July 2021

SPONSORED BY

About the FDP

Quantum Computing is an emerging interdisciplinary research area which intersects Physics and Computational engineering. Five-day FDP on “Quantum Computing” focuses on an overview of theoretical and practical aspects of quantum computing and high performance computing. The main objectives of this FDP are:

To understand quantum computing and high performance computing systems and their need in the research community and the hardware/software industry, thereby form a bridge between academia and industry, to update the knowledge.

To provide training on practical aspects of quantum computing and how to design and program a high performance system.

To enhance research collaboration between various academic institutions and to provide a common platform for knowledge sharing and future endeavors.

Participants

Targeted participants are faculty members from various Institutes, PG and research scholars and interested students. If the number of applicants exceeds the maximum number (**100 participants**), then selection will be based on the specialization and research interest of the applicants.

Resource Persons

1. Dr. Kamalika Datta, JIS University, Kolkata
2. Dr. Debajyothi Bera, IIIT Delhi
3. Dr. Sharad Sinha, IIT Goa
4. Dr. Sree Ranjani R, Univ of South Florida
5. Dr. Bhawana Rudra, NIT Suratkal
6. Dr. Abhoy Kole, JIS University, Kolkata
7. Dr. Aswath Babu H, IIIT Dharwad
8. Dr. Vimalathithan R, KrishTec Coimbatore
9. Dr. Aswathy V Nair, Prana Yoga Foundation, Kerala
10. Ms. Neha Sharma, CURIN Punjab
11. Dr. Rubell Marion Lincy, IIIT Kottayam
12. Dr. Kala S, IIIT Kottayam

Registration

Registration is free.

However prospective participants should complete a registration process, by filling up their details. For registration please visit ATAL website <https://atalacademy.aicte-india.org/signup> Participants should create a Login ID in ATAL website and register for the FDP through it. Registrations should be completed before **8th July 2021**.

Selection

The selected participants will be intimated through email/ATAL Account. The meeting invitation mail will be sent to the registered email id. The FDP will be fully conducted online and the platform for the same will be communicated in due course.

Test and Evaluation

There will be an evaluation test on the last day of the FDP to assess the depth of understanding of the FDP contents by the participants. Minimum of 60% score in the test is mandatory to receive the participation certificate.

Attendance

The participants are expected to attend all sessions without fail. Those who fail to secure 80% attendance in the sessions will not receive the participation certificate.
